

# Stop Transit Cuts

Governor Charlie Baker's state budget underfunds our bus service by millions of dollars.

**Fare hikes**

**Reduced weekend service**

**Less frequent buses**

**And the elimination of entire routes**

are coming if our state legislators don't act!

Find your state rep and senator on the other side of the flyer and call now! Ask them to fully fund Regional Transit Authorities so the PVRTA does not have to make cuts or fare hikes to balance its budget.

Find your state senator and state representative in the list below!

Call and say: "My name is (your name) . I am a voter and live in (your city/town). I ask that you fully fund the Regional Transit Authority line item by at least \$88 million in order to prevent service cuts and fare hikes at the PVTA"
